

North Florida Area #9 Panel 49
Group Records Coordinator Report
Oct 28-30 2011 Fall Assembly

Hello North Florida!

This is my Final Assembly as Group Records Coordinator, Panel 49. Welcome all of you Panel 52 People! I wonder how many of you are going to be surprised with your new found responsibility by the end of the weekend. Let me assure you, anything you undertake will add growth through friends that you learn to work with and love and self-confidence you didn't think possible. This is a safe environment to learn to trust yourself, your capabilities and each other.

Did you know, the Area Group Records Coordinator serves as the nuts and bolts of the communication connection between the Member, Group, District, Area and the World Service Office? We have had marvelous updates which allow me to go directly into WSO's database and make changes and run reports. Amazing compared to all that round about paperwork! There will be exciting changes taking place in the upcoming panel with communication and technology.

To be eligible to put your name in for this service opportunity you only need to have willingness, some technology skills, not be in AA or an incoming GR. Of course we prefer you do participate in Al-Anon at the Group and District level. Oh yes, and I cannot for I will have served an entire 3 year term as Group Records Coordinator already, as of December that is.

Just so you know: We have 368 Active Meetings and 17 in NO Mail status for a total of 385 meetings available in North Florida for the WSO to direct people to, There are also a number of Alateen Meetings in and out of public schools.

Thank you all for helping to keep our group records.

With Deep Gratitude in Service,
Terry Anne A
Group Records Coordinator, Florida North #9
